

**Volunteer Driver Liability Waiver**

I, \_\_\_\_\_, am agreeing to drive a SPLORE participant to a SPLORE program. I realize that I am giving the participant a ride under my own consciousness and decision. As always, I realize that there are certain risks every time I get in a car and there are also driving risks associated with for my passengers. Even though I am agreeing to transport a SPLORE client, I have not been forced to make this decision and therefore, do not hold SPLORE responsible for any occurrences that may arise during the transportation time. I also realize that the participant I am transporting has signed a waiver NOT holding SPLORE responsible for any occurrences.
